1. Who can see how I'm changing learning, how I'm changing learning styles and how I learn of me, from me, I Am? I love you.

2. Who can see the wheels turn/changing and how now all fits together not, being me/one, being one/me. I love you.

3. I lovest thou my learning experience not but **that which producest me** is that which I love/bring about, at light speed, not; **dependent on** interest level not but surrender, level, surrender, **level/depth of surrender** not **in** inches/centimeters but **intensity, devotion, focus, notwithstanding all other sites in foci.** I love you all. Amen.

4. This is the moment being and who can see me in jeans and t-shirt not but suit'd, standing, and reeling not off-me but me reeling not but standing speaking clear/clarity of only me, mine words that capitalize not, capsulize not but freedom ring and bring forth, birth forth, freedom in hearers one/many not me becoming me I Am. I love you. Both. See.

5. I come to you in power/glory, incarceration strategies not but freeing all that is within you/I am, within you, freeing others far and wide, incarcerating them not but teaching them how to learn/teach, learning me/from me. I love you all. You/me, one with whoever wants/wanteth me, not; whoever pays the price of/in surrender, to surrender be/become; becoming me/one with me, being the one I am, I Am. I love you.

6. I come into power not, surrendering, I surrender into me/father and father/me being, be power. I love you. Kingdom one kingdom'd in one being one of many not; all one being one. I love you all.

7. Surrender/learn of me, to me, from me, in me, me being me I Am. I love you.

8. Into learning modes stilting not, but lilting little no more, straight **skyless not, but into mine, being me/who I am, learneth from each other in incarcerationless suites that belittle no one.**

9. There is me and there is me not me. Me learns/learneth from both but me not me, in me, not is. I am cored clear lovely loveliness **learning** from the masses not but **that I am massless and recordeth my all into me I have/am.** I love you.

10. Can you see what I just said, what I am/have, consist of, consisting of me my body that you now are in surrender, only not; were beforehand, now surrendering into, **going far to surrender bring strategies learning of me from me, far and away/wide.**

11. **I love you learner one/of me, loving my body into/in learning me/from me**, straight and narrow not but far and wide, and whoso learneth from me is wise. Learner one learneth consistently/continuously and will always so. I love/hear you. Learn/live in me, I Am. I love you all.

12. Fire not, fired not; my fire/being alone incarcerateth not but frees the fire of others, burning all dross; associated with me not but **who can see the fire/forest for the trees burning** and what all that means, what that all means, **and what now putteth out fires by being fire one, me/mine alone**? I love you. All who choose light/me/oneship above allship, oneship bringing/birthing into oneness that one really is.

13. I love you uniquely you. I made you, not; I am you. **Did you make me? Nay but how all incarcerated I have become I have given and wordeth you in me will I/you surrender to, becoming my word that you are/consist of, and knowing all** regeneratively not but **generatively see/enter this moment** not **by** thought/feeling/incarceration **strategies but that only that frees others**.

14. See what I am saying, have said, given in/before fireplace one, one that loves/adores my being whoso sees/knows that I am nothing like thought/taught, but now teaching me, learning of/in me continuingly, showeth many reality, learner types of/in me that learn of/in me alone not; alone and connecting me my me with many types of learning/knowledge far and afarther than imaginable by unsurrendered ones who don't want my kingdom all/complete in them, them being it/my all/kingdom real, and truly foreign'd not, but far farther than foreign can be imagined. Worlds within/without; and who can see the reality real'd, in them alone not, but with many learning through me, of me, me being me in them alone not but many me with me being me being one/the one, The One, THE ONE!

15. I love you all. I love you now. I all my love bestow, give; feel please, in these words of sorrow not but antithetically opposite not but simply the converse not, but freedom reigns in sorrow-not, sorrow denied place/space, existentless is in me.

16. See the learner/tree of life in me/you, please, now, and never be denied, not, never ever again, always'eth'ing coming into me to answer/love receive and **be learned of me, learned in me, learning that thou art me in reality and never having incarceration put upon/in thee again. Thou art freed oh man/woman/child thought.** Freed from reality central posing as me to be/become me reality real central. Locality/locale of only me, centrality'd and central'd and who can see beyond the stars/galaxies to time beyond/before time and see I am the looker/lookee? I love you all.

17. Learn of me. Be me, I Am. I am all of you not like you think. Can you give me your thinker-thought so that I can give you my mind that in you is (1), replete/complete already in you (2), tree of life (3) is/being?

18. I learn of you/me, everyday. Sun shines on me not; where I am I am the light (4). You are me. Behold the lamb/reality of oneship/one'd, one being. One kingdom, you're in, being. I love you all.

19. More soon and more nonending. I love you all.
20. Me, you, one, all who choose me/now choose life, reality one.
21. Learn of me please. Learn in me, from me. Thank you.

Amen
